### Fault & Out

#### Super Phase (Power & Speed)

#### Immediate Jump off competition (AM7)

### FAULT-AND-OUT COMPETITION (Article 266)

This competition takes place against the clock over a course without any combination obstacles. The round finishes at the first fault committed (obstacle knocked down, any disobedience, fall etc) or when the rider has jumped the last obstacle at which point the time is taken. Points are awarded with 2 points for an obstacle jumped correctly and 1 point for an obstacle knocked down. The winner of the competition is the athlete who obtains the greatest number of points. In the event of equality, the rider with the fastest time will be declared the winner. In the event of equality of points and time for first place only, there will be a Fault-and-Out jump-off over a limited number of obstacles. Note that when an obstacle is knocked down or when the fixed time is reached, the bell is rung. The rider must then jump the next obstacle but no points are given for this.

### SUPER PHASE COMPETITION (Art 274)

Two phases run without interruption with the finishing phase for the first phase being the starting line for the second phase. Athletes penalised in the first phase continue on carrying their penalties from the first round. The second phase only will be timed and penalties accumulated as 1 for every 4 commenced seconds after the time allowed for this round.

### AM7 IMMEDIATE JUMP OFF COMPETITION (Art 245.3)

Athletes who have completed their preliminary round without penalties must proceed to the jump-off without leaving the arena. The bell will be rung again to signal the athlete to start the jump-off course. The 45 second count-down applies.

---

## SPORTING – SUNDAY

Ribbons will be awarded in each of the school year groups. All events will be timed for individual placings for each year. The fastest times for both Primary and Secondary for each competition will also be rewarded with a rosette.

### Snakes and Ladders

Bend Bar Aft

Scudahoe

Double Slalom

One Flag Race

Western Bending

**One Flag Race** - The riders will start with a flag in their hand and ride to the first road cone and place the flag in it. They then ride around the marker at the end of the arena, and pick up the flag from the road cone on the way back to the finish line. If a rider drops a flag they can dismount, but must place the flag in the road cone from the mounted position.

**Snakes & Ladders** - The rider will ride down a set of small jumps around the top peg then proceed back to the finish line by weaving in and out of the small jumps. The finish line will be located at 90 degrees to the starting line. Failure to ride through the finish line will mean elimination. Elimination will also occur if a hurdle is knocked down, horse runs out of the course 3 times, bypasses a hurdle and does not retake it or spreads any two or more hurdles & fall of horse or rider.

**Bend Bar Aft** - the rider bends through poles, circles a barrel then picks up a flag, then exchanges it for another flag, races to the finish lines with the flag.

**Scudahooe** - Rider goes to right and bends through the 4 poles, jumps a rail and then bends around the 3 drums, jumping the other rail before finishing.

**Double Slalom** - Rider leaves bending poles to his right and gallops to last pole, turns and weaves through 2 sets of poles and back to the finish line. The poles are set 6m apart on both sides. A diagram of the Double Slalom will be displayed on the scoreboard.

## INTER-SCHOOL CHALLENGE – MONDAY

This competition aims to promote rider development and provide a basis from which riders can move into other disciplines. The Challenge is run as a two phase (non-jumping) or three phase (jumping) competition. A draw for the jumping phase will be published prior to this event. Failure to compete at the allocated time or failure to present to the judge when called will result in elimination. There will be no draw for the Ridden & In Hand Phases. Riders must complete these phases prior to 12:00 noon.

### General Conditions:

- Spurs are allowed. Whip must not exceed 75cm and may be carried in all phases.

### Phase 2: Jumping

To be judged as a working hunter competition.

### Phase 3: In Hand Presentation (completed after phases 1 and 2).

Competitors will present the horse in hand with saddles not removed. Riders must ride into the ring, dismount and proceed to the judge to commence their In Hand Presentation.

## HUNTER COMPETITION – MONDAY

*This event is not for beginners. Horses are expected to be able to jump their nominated height competently and at speed. A draw will be published.*

This class is judged on the rider and the horse as a hunter. It is marked with points in a manner similar to Jumping Equitation. All tack and clothing is to be neat and workmanlike. Decorations, bright colours and artificial aids are not appropriate. Severe bits and aids may be penalized but should be used only if required for safety reasons. EA compliant helmets and appropriate footwear must be worn. Riders will be required to ride a simple workout on the flat then, without stopping, proceed in a more forward canter and jump 8 fences, consisting of both show jumps and solid x/country fences. The course will have no combinations. The two judges will mark concurrently:

**Rider on the flat** – judged on the rider's ability to ride in rhythm on the flat at various gaits, at an appropriate speed with the correct use of 2-and 3-point seats.

**Rider over fences** – judged on the rider's ability to negotiate fences at an appropriate safe speed, in rhythm and in the control when hunting or riding cross country.

**Hunter on the flat** – judged on the horse, which should be obedient and easy to handle, work at a relaxed trot through to a gallop in hand with complete control.

**Hunter over fences** – judged on the horse's ability to negotiate a course of fences in the most pleasurable, smoothest and eye-pleasing manner.

**Primary Riders** 60/65cm or 75/80cm

**Secondary Riders**

## GAMBLERS' STAKES COMPETITION – MONDAY

This fun competition will be run while the point score is being finalised and doesn't feed to the point scores. It involves a top score jumping competition where riders choose which course they will ride in order to gain the highest score. The top height course will be set first and lower courses will be set until we have winners for the nominated class groups. Each course offers 11 obstacles of different heights and the competitor must clear no more than 7 jumps within the allowed time passing through the start/finish line at commencement and completion of his seven jumps or on the bell denoting time finished. In the event of an equality of points accrued, the competitor with the fastest time is declared the winner.
